IF YOU CAN IMAGINE IT, WE CAN CREATE IT AT VERTIPOINT CHICAGO

Vertiport Chicago, the city's only helicopter hangar offers 9,000 square feet of industrial style event indoor space, and 14,000 square feet of outdoor space. A completely transformable space with limitless branding opportunities and the easiest load in the city make this venue a rare gem. Vertiport is located on a privately owned, 10 acre site that includes a 5 acre tarmac with amazing views of the Chicago skyline. The tarmac can be used for guest parking, as additional outdoor space or it can be tented to extend the event footprint.

This venue is perfect for automotive ride & drives, sporting events and large scale private/corporate events. It's also the perfect location for experimental activations, music & food festivals, photo and film shoots and just about anything else! The sky is literally the limit at Vertiport Chicago.
